The Mata range has gained a solid reputation as the UK's most popular, strongest classroom chair and is now readily available at Mile End Office Furniture.

Mata's strength comes from its unique 'S' shaped back, which has been specifically engineered for strength, durability & posture. In fact, Mata chairs are so durable in their construction that they survive being run over by a Land Rover! If you don't believe us, watch the video!

Fresh, fun and modern, the Mata chair also comes with a 10 year guarantee, a range of options including custom colours, four frame finishes and stock black or custom upholstered seat pad options.
