Boss60 custom workstation fit-out  
with mid-ducted power & data

## BOSS60

The Boss60 is South Australia's economical screen solution. An in stock, modular 60mm thick screen system designed to accommodate power and data through accessible cavities in the ducted models.

Each Boss60 ducted screen offers the option to run your power out of sight below the desk at floor level, or accessible above the desk.

Stocked, standard in a crisp white powder-coat frame with contrasting charcoal fabric, this system is boxed and ready to deliver.

*Did you know?*

We stock our partitions at Mile End for quick delivery and install.

Boss60 Freestanding Screens  
900W x 1800H  
Available with castors or  
height adjustable glides

*Did you know?*

We have freestanding screen options at 1800mm high.

## BOSS60 STRAIGHT DESK LAYOUT

Straight desk layouts are popular where floor space is limited. More staff can fit per square metre with straight desks than alternatives. With a rise in digital, cloud based work and less paperwork, this option has become more desirable over time.

## BOSS30

The Boss30 is an in-stock, pinnable 30mm slimline screen system with a sleek low profile to create a clean open plan to work spaces.

As a contemporary partition solution the Boss30 range can be applied in various configurations to suit any floor plan.

Cable baskets and retro-fit in desk power/data solutions are utilized to neatly organize power and data.

Select from the in-stock charcoal fabric or customize your fabric selection with our team of furniture specialists.

## BOSS POWER & DATA ACCESSORIES

Workstations are L shape work surfaces with a corner radius. This option is for workers requiring a larger surface area, where the user faces the corner for optimum use of the available space.

### BOSS IN-SCREEN & UNDER DESK POWER SOLUTIONS

#### Quikfit Quad Rotated Power

QIKFIT is stylish slim and sleek which has been designed to complement everywhere from the basic office fit-out to the modern office environment. This useful power board has the left and right outlets at a 90 degree angle for differing size and shape power sockets.

#### Quikfit quad rotated power

A dual data socket at a 45 degree angle. The angled outlets allow for easier and more accessible data installation.

#### Pathway Cable Baskets

This cable basket has innovative features such as the ability to snap brackets together to double stack PATHWAY sections, greatly assisting in power and data cable segregation.

#### Runner Cable Trays

The Runner cable tray series manages all of the cables, power and data in one tidy and discrete location, maximising desk space and eliminating the problem of messy and unsightly cables under the desk.

### BOSS IN-DESK POWER SOLUTIONS

#### Pivot in-desk

An ultra-compact in-surface power, TUF charger, data and AV unit with press and full soft-eject mechanism. Auto-opening module with a sleek design and robust high quality feel.

#### Pixel

Pixel unit has been designed to meet demand for a small and aesthetically pleasing power and data unit to fit neatly into a wide range of furniture.

#### Beacon

Beacon has now evolved into a new versatile and stylish desktop unit. BEACON fits neatly into an 80mm grommet hole allowing cables to exit through the desk or from the rear.

#### PolarICE

polarICE brings power, data, TUF5A & AV connectivity to the desktop in a sleek ice cool package. With a unique range of options as to appearance and fitting

#### Pulse

Compact and stylish desk-top unit providing flexible modular power and data distribution; ideal for office desks and screens. PULSE 'floats' above the desk

#### Pluto

Pluto satisfies a demand for power and data connectivity, in informal spaces, in a way that no other module has done before. Perfectly suited to breakout areas, smaller meeting rooms and coffee tables.

*Did you know?*

We source power and data solutions for many different applications.
