Extraordinary Public Seating

Turini offers a difference from the cold angular lines and technical nature of usual public seatings. Turini's beauty does not only comes from the surface, its simple elegant design combines form and function. The deep scoop shape characterises Turini's unique design, while providing a comfortable fit to our body shape. A polished aluminium rim around its elliptical opening lends a premium detail, while providing robust strength for heavy public use.

Available in

2 Base Options

- A beam base for linked seating is most suited for high density and high-traffic waiting areas.

- A Trumpet base with auto-return column makes a design statement in more private, 1st class lounges.

2 Type of Seating Surface

- Upholstered padding in Fabric, Leather, or Vinyl. Colour polymer shell in various colours for resistance to soiling and staining.

- Seat and back shells are separated, to allow mix and match of different seat, back material and colours.
